## Mission Trip Prep

It has been a great season of preparation for our Spring Break Mission Trip. We have been the beneficiaries of a few saints that simply donated money to students they knew were going. We have been blessed from three congregations donating money to the mission trip. But this wasn't the only blessing. They also allowed us to come and lead a worship and fellowship with them. It was awesome to be able to share a weekend with the Newport Ave church of Christ in Bend, the Lobster Valley church of Christ in Alsea, and the Garden Valley church of Christ in Roseburg. I am always encouraged by the fellowship between believers of the faith and hearing people's stories of God at work around Oregon. Praise God! If you would like to bless us as well as be blessed in the future by inviting us to come lead a worship, let me know.

## **BREAKING DOWN THE DIGITS**

- 10** Students from OSU going on the Spring Break Mission Trip
- 3** Students from Portland State's campus ministry coming on the mission trip
- 12** Students, at least, served in fundraising that aren't even going on the mission trip!!

Another amazing thing surfaced last month. Our students WANTED to serve in order to help fund the mission trip. I'm talking manual labor... cleaning yards, gutters, decking, painting rooms, and more. The amazing thing is that over half of the service came from students NOT going on the mission trip. That is the definition of servant hearts! And there is one left, a dessert auction on Sunday March 14<sup>th</sup> at Circle. Come join us and buy a dessert, and if you don't want to eat it we'll take care of that for you. ☺

P.S. the Dixon Lodge Bible study has kicked off well and relationships are forming!!

---

### *Prayer Requests*

*-A unity breakthrough occurred. Praise God it is getting better!*

*-Praise God for the students' willingness to sacrifice and serve*
